

The Scheme of Online RISA-TOT for Educational Institutions (2024)

Step 1: TOT REGISTRATION & WEBINAR ATTENDANCE

In step one, candidates register through www.risatots.online and obtain the date and link to access the initial webinar. In the webinar, there will be presentations on 5 selected topics based on substance abuse and its prevention by a panel of medical/academic experts from RISA. Each session will be of 15-20 minutes.

Students and teachers of international Indian schools can enroll. A minimum of 50 students (one cluster), each from Grades 8 to 12 and at least 30% of teachers from each institution can enroll.

For the smooth and successful conduct of the activity, schools who wish to participate are requested to assign one person as a liaison to RISA with whom we can communicate and coordinate with.

Step 2: TO STUDY IMPORTANT ASPECTS OF HAZARDS OF DRUG USE/ADDICTION WITH THE HELP OF RISA TRAINING MODULE.

All those who successfully completes the first step of TOT will be provided with a soft copy of the RISA training module that is electronically sent for self-study. The candidates must complete the survey to get access to the training module from the RISA TOT website. A hard copy of the module will be provided whenever feasible.

Step 3: ONLINE EVALUATION TEST

An online evaluation based on the lectures and training module will be conducted on the website through a multiple-choice questionnaire at a later date. The date and time of the exam will also be announced on the website and all registered candidates will be informed via their registered e-mail as well. All those who score above 60% will be given an **online Training of Trainer certificate** that can download from the website upon completion of the evaluation process.

Step 4: RISA CLUB IN EDUCATIONAL INSTITUTIONS (optional)

Representatives from the trained team can form a RISA CLUB within their schools to continue the fight against substance abuse with technical support from 'Team RISA'. The club can function in coordination with the school's own health club.

A seven-membered RISA club committee may be constituted in schools with 2 representatives each from trained teachers and students, one teacher as the team coordinator, one representative from the school management committee, and the head of the institution as a patron.

Team RISA will continue to give technical support and arrange periodic refreshment training programs in schools.
