

The Scheme of Online RISA-TOT (FOR COMMUNITY VOLUNTEERS) –UPDATED AUGUST 2026

Currently focusing on Kerala state only

Step 1: TOT REGISTRATION & WEBINAR ATTENDANCE

In step one, candidates may register through www.risatot.online and get the date and link to access the initial webinar.

- In the webinar, online presentations on 5 selected topics on substance abuse and its prevention by a panel of medical/academic experts from RISA in a Webinar platform.
- Each session will be of 15-20 minutes duration.
- Community volunteers from the state of Kerala can enroll.
- One session will be conducted for a minimum of 500 volunteers with at least 10 participants from each panchayat/municipality/ corporation
- For the smooth and successful conduct of the activity, community groups at the local body level are informed to assign one person as a liaison to RISA to whom we can communicate and coordinate.

Step 2:

All those who successfully complete the step-1 TOT will be provided with the RISA training module (soft copy through electronic transfer) for self-study. The candidates must complete the survey to get access to the training module from this website. A hard copy of the module will be provided wherever feasible.

Step 3:

An online evaluation based on the lectures and module study will be conducted with a multiple-choice questionnaire through this website at a later date. The date and time of the examination will be announced on the website and all registered candidates will be informed via their registered e-mail.

All those who get a score above 60% will be given an online TOT certificate that can download from the website upon completion of the evaluation process.

Step 4: (optional)

RISA COMMUNITY CLUB

Representatives from the trained team can form a RISA COMMUNITY CLUB one in each panchayat/municipality/corporation to continue the fight against substance abuse with technical support from Team RISA. The club can function in coordination with ALL RISA ACTIVITIES FROM TIME TO TIME.

Team RISA will continue to give technical support and arrange periodic refreshment training programs at each local body unit level.
